## 2016 FALL HARVEST SCHEDULE OF RATES

**\*EFFECTIVE 9/20/16 \*SUBJECT TO CHANGE WITHOUT NOTICE\***

### CORN:

- DRYING:** 2 cents per ½ point of moisture over 15.0% for contract or sold bushels or 14.0% for storage or DP.
- SHRINK:** .7% per ½ point of moisture over 15.0% if sold, or 14.0% for Storage or DP.
- STORAGE:** From delivery date to December 31, 2016, is 15 cents minimum. From January 1, 2017, it is 4 cents per bushel per month (prorated daily).
- DP GRAIN:** From delivery date to December 31, 2016, is 15 cents minimum. From January 1, 2017, it is 4 cents per bushel per month (prorated daily).

### SOYBEANS:

- MOISTURE:** Discounts for moisture will be in the form of shrink over 13%  
1.15% per ½ point 13.1% to 15%  
2.3% per ½ point over 15%
- STORAGE:** From delivery date to December 31, 2016, is 15 cents minimum. From January 1, 2017, it is 4 cents per bushel per month (prorated daily).
- DP GRAIN:** From delivery date to December 31, 2016, is 15 cents minimum. From January 1, 2017, it is 4 cents per bushel per month (prorated daily).

### **GRAIN "HOLD" POLICY**

Any bushels of grain delivered over contracted bushels can remain in hold for 7 calendar days without charge or discounts. Any bushels not sold after the 7<sup>th</sup> day will be put into storage and the producer will be billed the minimum storage charge and discounts and or drying charges. Small quantities of grain over contract will be spotted on day end unless otherwise stated. **It is the producers' responsibility to inform us if they do not want these to go into storage.**

### **NON APPROVED GMO TRAITS**

Farm City Elevator, Inc. does **NOT** accept grain that contains GMO traits that have **NOT** been approved for U.S. Export markets. Markets include but not limited to China, Canada, E.U., Mexico, Japan, and South Korea.
